Quarterly Report

Prepared for the board of directors

Revenue grew steadily across every region this quarter, driven by strong demand.

Operating costs fell slightly thanks to better purchasing and lower freight rates.

Key risks remain currency swings and supplier delays in the coming months.

```
Code sample: total = sum(values) / len(values)
```

Bold italic note in Verdana for emphasis.

Tahoma line with an underline.

Region	Units	Revenue
North	1,240	$48,300
South	980	$39,750
West	1,515	$61,020
